This presentation targets **all K-12 teachers of Italian** and follows the path marked in the previous webinars sponsored by AATI-LI. The session thus aims to keep giving teachers practical suggestions to design original activities that engage students in **all four skills** and include the **cultural** element in the lesson. Simple and more complex vertical lessons that can be used from the novice level to build the language competence all the way to Advanced Placement. The presentation will include –but not limited to lessons on:

- “Il tormentone dell’estate”
- “Il calcio femminile”
- a Bingo! game
- guidelines to implement cultural comparisons and oral presentations

If time allows, more info will be given on lessons that were mentioned in the winter webinar.

At the end of the session, the lessons presented will be available for **free** for the participating teachers.
